TIMES & TRANSCRIPT STAFF

L'Association acadienne des
 artistes professionnel.le.s du Nou-
 veau-Brunswick (AAPNB) are
 supporting a CRTC move that will
 enact a distribution licence for TV5-
 UNIS, expanding the francophone
 broadcaster across the country.

An Atlantic broadcasting bureau
 of the news channel will allow an-
 other opportunity for the Acadian
 voice to be heard in this medium,
 the association said.

Nouveau TV5 will be composed
 of two distinct channels promot-
 ing the Francophonie: TV5 for the
 international Francophonie; and
 UNIS for the Canadian-Franco-
 phonie. Together, they will provide
 six times more Canadian content
 than the current TV5, content
 originating from all of Canada's
 Francophone communities.

The move will see nearly \$170
 million over seven years spent on
 Canadian programs and most of its
 spending will be on original Cana-
 dian programming to programs
 produced outside Montreal and the
 province of Quebec.

Programming will be accessible
 to all Canadians who subscribe to
 the basic service, for a monthly
 wholesale rate of less than one cent
 per day, when combining the two
 channels.

**Report a
 distracted
 driver**

Witness a motorist engaging in "distracted
 driving" (texting, talking on phone while driv-
 ing, et cetera)? Give your local law enforce-
 ment office a call to report the incident and put
 an end to distracted driving in New Brunswick
 once and for all.
