The City of Dieppe has been selected to host the bi-annual [239 191 189 ]loizes event in 2016, hosted by the association acadienne des artistes professionnel(le)s du Nouveau-Brunswick.

Dieppe Mayor Yvon LaPierre said hosting the event fits in with the city's focus on developing the arts and culture within the community.

"We've had a long-standing relationship with them, specifically over the last few years," LaPierre said, adding that they've worked together on events such as Francof[239 191 189 ]te en Acadie.

The event hosts Acadian artists and features their work in local storefronts, galleries and includes an awards ceremony.

The event's website says the event promotes the importance of the arts in Canada, allowing finalists to have their work showcased in the host region.

LaPierre said this year's [239 191 189 ]loizes event, hosted in Fredericton, saw involvement from many local schools.

"It's getting the whole community involved and allowing artists to show their work; it's not just singers and musicians but artists of all facets of the arts and culture," LaPierre said.

The hope for the 2016 [239 191 189 ]loizes event is to have the whole community involved through shows at bars, school presentations, and arts centres in the area.

"It's a great event that is so professionally done each time it's put on and we're excited be apart of that for the next event," LaPierre said.

Information on the 2016 event is not yet available, but will be made public in the future on the association's website at [aaapnb.ca](http://aaapnb.ca).
